

TORBAY - Babbacombe

Babbacombe's an altogether quieter place, though it is a very popular holiday destination. Close to the northern end of Torquay, it's a small, cliff-top town with great views of the pretty coast. It has its own cliff railway to help you down to the beach below. It also has a world-famous model village and a small but pleasant shopping centre. For those who like to do their own thing, there is a frequent bus service to Torquay.
