

## LOOE

Fishing village, working harbour, popular tourist destination, Looe somehow manages successfully to juggle its various activities to provide all visitors with a wonderful time.

### EDEN PROJECT

Often hailed the 8th wonder of the world, the Eden Project is a global garden for the 21st century. You can experience the sights, smells and sheer scale of the rainforest in this, the world's largest greenhouse, then sample something of South Africa, or California. You can wander among orange and lemon trees, see old olive groves and gnarled vines. What a wonderful use of an old quarry! This really is a unique place. For once, this overused description is entirely accurate. And the best thing of all is that there's always something new to see.

- Colour TV
- Tea/coffee
- Leisure facilities

### HANNAFORE POINT HOTEL ★★★★★

Unlike most of the town, our hotel is situated in West Looe. It will probably take you some 10 minutes to walk to East Looe, unless you take the little ferry, but then that's the charm of the place! The hotel offers us spectacular views from the lounge and a fine table d'hôte menu in the restaurant. Here, they make considerable use of fresh local ingredients and fish bought the same day from the port's fish market. We can relax and enjoy the view from either of the bars, one noticeably more lively than the other, and enjoying our good fortune to be in such a pleasant place. Please note that there are several steps up to the entrance of the hotel from the pavement, with occasional steps inside.

**Sea View?** No problem. Subject to availability, sea views can be guaranteed for a supplement of £25 per person. However, there are no sea view singles
